Seminar letter

Dear Grooming Business Student,

I hope that you are waiting in anticipation to attend the seminar/workshop in June. We look forward to meeting you all and will try our best to make it an enjoyable learning experience.

As I have explained in the student letter due to our commitment to give each student personal attention, two practical sessions will be presented. You should either attend the practical workshop on 6 & 7 June (A-session) or 9 & 10 June (B-session). On Wednesday 8th June, you will all be together for the seminar.

Please keep in mind that we would like an even distribution of students for the first A-session and the second B-session. Please let me know as soon as possible which workshop session you would prefer to attend. I will do my best to accommodate all the students with their choice. If you answer too late it is possible that we will not be able to accommodate you on the days you have chosen, it is first come first serve. Should there not be enough students, the workshop will take place on 9 and 10 June only.
